ABOUT

I'm a detail-oriented Motion, 3D, and Visual Designer with 4.5+ years of experience, currently working as an Assistant Manager – Design. I lead motion design, 3D visuals, branding, and design direction across marketing and product initiatives, ensuring high-impact storytelling and visual consistency. I actively explore AI-powered tools to streamline creative workflows, improve efficiency, and scale design output.

EXPERIENCE

NimbusPost | Assistant Manager – Design

Sep 2025 – Present

- Lead end-to-end design initiatives across motion design, 3D graphics, branding, and visual communication for marketing and product campaigns.
- Own design direction and maintain visual consistency across all brand and marketing touchpoints including website, product launches, and sales enablement assets.
- Collaborate closely with Product, Marketing, Growth, and Leadership teams to translate business requirements into clear creative outputs.
- Manage and mentor a design team by assigning tasks, setting priorities, and ensuring timely delivery across multiple projects.
- Review design and motion outputs to maintain quality standards, provide constructive feedback, and guide the team towards better creative execution.

Razorpay | Motion & Communication Designer

Apr 2024 – Sep 2025 (1 year 6 months)

- Collaborated cross-functionally with Product, Marketing, and UX teams to create end-to-end launch assets including product flyers, pitch decks, one-pagers, emailers, and explainer videos.
- Designed 3D models and interactive prototypes for physical product representations to support marketing, demo, and training needs.
- Led the creation of high-impact motion graphics and 3D videos for sales enablement, product explainers, and brand storytelling.
- Independently planned and executed content strategy for multiple product launches, ensuring alignment across teams and timely rollouts.

Inshorts | Marketing Graphic & Motion Designer

Jan 2022 – Apr 2024 (2 years 4 months)

- Designed high-quality multilingual marketing creatives including infographics and social media graphics.
- Created multilingual motion graphics videos to support marketing campaigns across platforms.

EDUCATION

VSICS, Kanpur

Aug 2018 – Aug 2021 | BCA Dropout

Studied front-end technologies like HTML, CSS and JavaScript to develop UIs.
